Education

Indian Institute of Information Technology, Nagpur **Aug 2023 – May 2027**

B.Tech in Computer Science and Engineering (Specialization: Human Computer Interaction) *CGPA: 8.90*

Experience

Unyfy Technologies **July 2026 – Present**

Product Intern *Bangalore*

- Owned end to end delivery of a SafeGold integrated digital gold feature (buy, sell, SIP, redemption), from research and **PRD** to prototype and testing, resolving **GST and SEBI** compliance questions and benchmarking pricing across 5 platforms (Paytm, PhonePe, Cred, Gullak, Jar).
- Designed a **notification engine** (7 trigger categories, 26 notification types, channel routing, frequency capping) and a 12 template WhatsApp system, restructured to qualify as Utility rather than Marketing messaging.
- Evaluating a credit card **tuition fee payment** feature against **RBI and NPCI** rules with engineering and compliance, and researched a bill payment flow using discounted Amazon Pay vouchers.
- Post launch, own funnel tracking and daily metrics. Ran **VOC interviews** with 41 users and found **60%** skipped SMS and Gmail permissions for lack of context; modified the onboarding flow to explain why, cutting that to **40%** (a 20 percentage point gain in permissions granted).

Position of Responsibility

Team Lead (2x) | *Smart India Hackathon* **2024 – 2025**

- Owned product delivery for a **6-member team** from problem definition to launch under **36-hour sprint conditions**.
- Translated ambiguous problem statements into structured roadmaps – **National Winner** 2025, **Grand Finalist** 2024.

Lead | *Startup Expo, E-Summit 2025 (E-Cell IIIT Nagpur)* **2025**

- Managed onboarding of startup founders and exhibitors, aligning expectations with event goals and timelines.
- Coordinated cross-functional execution across logistics and communication for seamless on-time delivery.

Hospitality Lead | *Tantrafiesta 2025, IIIT Nagpur* **2025**

- Led guest experience operations across venue, logistics, and participant touchpoints for the annual technical fest.
- Resolved real-time coordination challenges under pressure with strong **stakeholder communication**.

Honors & Achievements

- **Smart India Hackathon 2025** – **National Winner** by leading end-to-end product development, defining user-centric solutions, and delivering a scalable system addressing real-world needs.
- **Smart India Hackathon 2024** – **National Finalist**. Recognized for strong product thinking, problem structuring, and effective execution among top teams nationwide.
- **Nation Building Case Study** – **West Zone Finalist** (Top 10 among 50,000+ participants) for two consecutive years – 2025 and 2026 – by analyzing real-world problems and proposing impactful, user-focused solutions.

Projects

SAKSHAM – Placement Management (SIH 2025 Winner) | **Live** | *PRD* | *Recommendation System* **Nov 2025**

- Streamlined fragmented internship workflows with unified application and approval flows and a **recommendation engine**, reducing coordination effort by **40%** and search time by **35%**.

Acadence – Academic Management Platform | **Live** | *MVP Scoping* | *User Feedback* | *Multi role Access* **Apr 2026**

- Launched an MVP (notes, PYQs, announcements, collaboration) for fragmented academic resources, then added **study groups and timetable management** from user feedback, raising collaboration efficiency by **45%**.

Technical Skills

Product & Design: User Research, Feature Prioritization, Requirement Gathering (PRDs), MVP Scoping, Stakeholder Management, Market Research & Competitive Analysis, UI/UX Design, Wireframing, User Workflows, Product Strategy

Technologies: C++, HTML, CSS, JavaScript, SQL, REST APIs

Tools: Jira, Notion, Google Analytics, Figma, Google Sheets, Git, GitHub, VS Code

Course Work: UI/UX Design, SDLC, Agile Framework, HCI, DSA, OOP, DBMS, Operating Systems, CN
